## Feel the Spirit

Tick tock tick tock  
Seconds that run in a constant rush  
Becoming minutes one after another  
Never resting evolving into hours  
In constant rhythm contained

Time travels  
So endless and precious as well  
Uniting and dividing  
Creating rich and poor

While love changes space and time  
Into colors of eternity

TIME comes  
TIME goes  
TIME conquers  
TIME passes

**Poem: Gabi Koppehele**

It's mysterious how time goes by  
Leaving back a lot of memories  
It's insidious I don't know why  
It's so hard to take a stand and see

Close your eyes and feel the spirit  
Life is a travel through time  
Dreaming dreams of understanding  
See the light and let it shine

Close your eyes and feel the spirit  
Life is a travel through time  
Dreaming dreams of never ending  
See the light and let it shine

I'm so curious 'bout what's to come  
Once again the moment's passing by  
It's mysterious we've just begun  
Floating through the day we don't ask why

Close your eyes and feel the spirit  
Life is a travel through time  
Dreaming dreams of understanding  
See the light and let it shine

It's time again, time again to feel the love inside  
Life is a travel through time  
It's time again, time again to feel the spirit now  
See the light and let it shine
