## Moments of Joy

I was there  
I am  
I will be  
in my place  
so near so far and secret

There where my heart  
finds joy  
and connects with her strength  
to wear deep in my soul  
still and forevermore  
my secret place

**Poem: Gabi Koppehele**

A gentle breeze embracing my skin  
Feel the time is standing still

It's a daydream I'm lost within  
Feel the Moments of Joy

See the universe right in your eyes  
A secret place I long to be

In a daydream I'm watching the skies  
Feel the Moments of Joy
